

MasterMover®

Worldwide Electric Tug Solutions

MT400+

Master Tug

**Electric Powered Tug |
The MasterTug MT400+**

The MasterTug MT400+ is designed to allow a single pedestrian operator to easily push, pull and steer wheeled loads weighing up to a maximum of 4,000 kg. As part of the MasterTug range, the MT400+ utilises hydraulics for traction, an AC drive motor for power and a dual secured mast for strength. The tug's battery monitoring system alerts the operator to the remaining charge and the option of an interchangeable battery allows the tug to be used 24 hours a day.

Industries

Suitable for use in a wide range of applications and sectors

Wind Turbines

Chemical

Glass

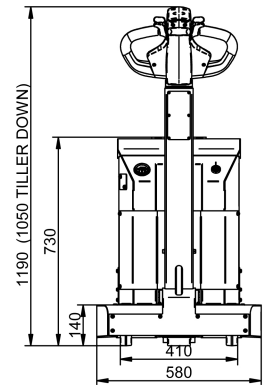

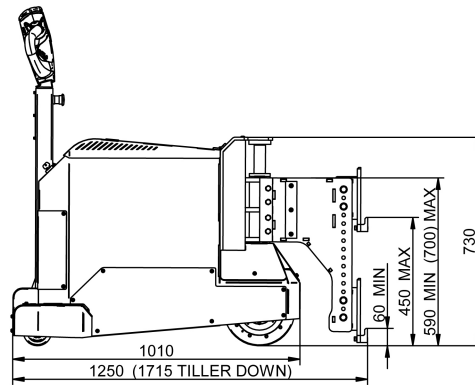

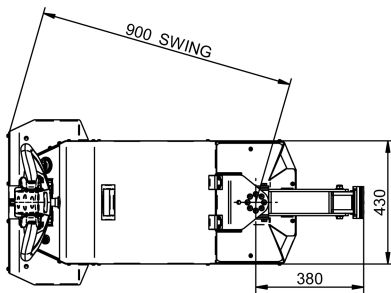

Food and Beverage

Key Benefits

1 year full guarantee

- Battery monitoring system
- FEA tested steel chassis
- Dual secured mast
- AC drive motor
- Self-adjusting castor guard
- Hydraulic weight transfer

Product Dimensions

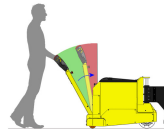

Safety Features

See our website for full technical details

Self-adjusting castor guard for foot protection

Automatic cut off as tiller arm returns to vertical

Anti-crush button

Emergency stop button

Max Load Weight

See our website for full technical details

Castors

Up to 4,000 kg*

Rails

Up to 16,000 kg*

*"Maximum load weight" is only a recommendation that we arrive at by estimating rolling resistance. Your environment and wheel type may affect this figure which is why we carry out a detailed technical evaluation on every project. All of our calculations include a "safe work load" factor to ensure safe operation in all circumstances.

Identification

Product code	MT400+
Recommended load weight - Castors	4000 kg
Recommended load weight - Rails	16000 kg
Machine weight including battery	305 kg
Drive type	Electric AC
Parking brake	Electromagnetic
Drive wheel type	Polyurethane
Drive motor power	1.5 kW
Controller type	AC
Variable machine speed	0.1 km/h - 5 km/h

Battery options

Battery pack - sealed - 102Ah 24V - fixed
Battery pack - sealed - 102Ah 24V - interchangeable
Battery pack - sealed - 119Ah 24V - fixed
Battery pack - sealed - 119Ah 24V - interchangeable

Charging options

Charger - internal - 12.5A 24V - 110V-240V
Charger - external - 12.5A 24V - 110V-240V
Charger - external - 20A 24V - 110V-240V

Additional equipment

Option - flashing safety light and motion bleeper
Option - two speed selector switch
Option - wireless control handset

Male coupling options

Coupling - male - height adjustable combi - medium
Coupling - male - height adjustable box - medium

Female coupling options

Coupling - female - combi - medium
Coupling - female - box - medium
